## SUMMARY

Dedicated and collaborative individual, passionate about building a long-term career in the information technology (IT) industry. My interest in cybersecurity began when I realized that digital security is important in personal and professional environments. The challenge of thinking like a hacker to protect systems from malicious actors has triggered my curiosity and motivated me to pursue a role in which I could have a significant impact by defending against cyber threats.

## EXPERIENCE

### Unarmed Security Officer

Allied Universal

April 2024 - Present, Fairfax

- Conducted routine patrols across 400 square feet, documenting daily observations and ensuring adherence to security protocols.
- Compiled and submitted over 25 daily activity reports monthly, ensuring accurate compliance and documentation of operational records.
- Facilitated communication with a team of security officers, relaying updates to contribute to efficient security coverage.

## PROJECT

### MY PORTFOLIO

Freelance • [rlyblaze.github.io/Blaise-portfolio/](https://rlyblaze.github.io/Blaise-portfolio/)

- 1. Built a static website using HTML, CSS, and JavaScript to effectively showcase skills and expertise, and expand professional opportunities in frontend development, cloud computing, and cybersecurity.
- 2. Included five projects from the Google Cybersecurity Professional Certificate to showcase my skills in cybersecurity.
- 3. I included one project from Northern Virginia Community College's Advanced Database Management, highlighting the use of Microsoft Access.

## EDUCATION

### Information Technology

Northern Virginia Community College • Annandale • 2025 • 3.4

• Dean's List Fall 2024

## CERTIFICATIONS

### Google Cybersecurity Professional Certificate

Coursera • 2025

- The Google Cybersecurity Professional Certificate offered by Coursera is a valuable asset, particularly for those seeking entry-level cybersecurity roles or a foundational understanding of the field. It's designed to equip individuals with practical skills and knowledge, making it a good starting point for a career in cybersecurity.

### AWS Cloud Practitioner

AWS • 2025

- The AWS Certified Cloud Practitioner validates a foundational, high-level understanding of AWS Cloud services and terminology. This is a good starting point on the AWS Certification journey for individuals with no prior IT or cloud experience, switching to a cloud career, or for line-of-business employees looking for foundational cloud literacy.

## SKILLS

AWS Cloud, SQL, Python, HTML, CSS, NIST CSF
